The services at the Third Street M. E. Church continue with great interest and a fine attendance. The service last evening was especially helpful to the large crowd present. Rev. W. B. His talk went home to the heart of every one present and left a profound impression.

Mrs. Weeks, The Spirit Medium, And Her Two Children Are Supposed To Be Visiting, But Cannot Be Located.

(Last Night's Times-Star.)

When the remarkable habeas corpus case of Mrs. Dora Funk Guen, who claims to be the mother of one of the two children who are supposed to be the sons of Mrs. Plymouth Weeks and the late Louis Kraft, Republican politician, was called in Judge Gorman's court Tuesday, Deputy Sheriff Harper reported that he had been unable to find Mrs. Weeks, and, therefore, had not been able to serve the summons of the court. The Judge thereupon continued the case until next Tuesday. The deputy sheriff said that at the home of Mrs. Weeks, 6229 Kennedy avenue, Kennedy Heights, he was informed Tuesday morning that Mrs. Weeks, with the two children, had gone to Maysville, Ky. The only person at the Weeks home, a domestic, said Mrs. Weeks and the children left Monday morning in a chauffeur. She did not say when she would return, the deputy sheriff was told.

Mrs. Guen, whose home is in Washington Court House, Ohio, had filed suit Monday afternoon through Attorney Louis Sawyer, seeking to get possession of the boy known as Louis Weeks and also as Louis Kraft, Jr., and for whom provision was made in Kraft's will. Her story of how she had surrendered her child soon after he was born, how she served as nurse to it for a year without those she claims were only foster parents knowing her identity, and of keeping silent in later years while the boy grew up as the son of Mrs. Weeks and Louis Kraft.

The Ledger reporter tried to locate the woman and her two boys last night, but was unable to do so.

The remarkable case of Mrs. Weeks and her "spirit children" has been occupying the attention of the reading public in Cincinnati for the past few days. Mrs. Weeks claiming that the children were born to her through the power of spirits, but Mrs. Sarah Charles, head of the Spiritual Temple in Newport, says that the Spiritualist faith, as formulated in its national organization, takes no cognizance of any such phenomenon as a "spirit child."

DESTROYER DESTROYED

German Terror Emden Shot to Pieces and Burned By British Cruiser

Germans Said to Be Falling Back All Along the Line

LATEST WAR BULLETINS

London, Nov. 10.—It has been officially announced that the German cruiser Emden, which, since the start of the European war has sunk 22 ships, has been driven ashore and burned off an island of the Cocos, or Keeling group, in the Indian ocean, west of Java.

The Emden, since she entered the harbor of Penang and torpedoed a Russian cruiser and French destroyer, recently had been sought by French, Russian and Japanese cruisers working in harmony. The Australian warships Melbourne and Sydney also are included in these movements.

Yesterday morning news was received that the Emden had arrived at Keeling or Cocos Island and landed an armed party to destroy the wireless station. Here she was caught and forced to fight by the Australian cruiser Sydney, Captain John Glossop.

A sharp action took place, in which the Sydney suffered the loss of three men killed and 15 wounded. The Emden was driven ashore and burned. Her losses in personnel are reported as very heavy. All possible assistance is now being given to the survivors by the various ships which have been dispatched to the rescue.

The British admiralty also announces that the German cruiser Koenigsberg had been bottled up at Mafia Island on the coast of German East Africa. The Koenigsberg first attracted attention when it disabled the British cruiser Pegasus.

London, Nov. 10.—The Germans' retirement from Belgium is becoming general.

The German army headquarters have been transferred to Alost, fifteen miles west of Brussels and forty miles east of the fighting line and Dixmude.

This circumstance leads to the belief here that the withdrawal of troops from Belgium is not altogether for the purpose of reinforcing the Austro-Hungarian line in the eastern field. It indicates to military experts that the German line will be transferred to the eastward.

Great numbers of big guns are being withdrawn and transported to Germany. A dispatch to the Central News from Amsterdam says:

"Trainload after trainload of German artillery are leaving the Lys valley in the direction of Ghent. The German army headquarters have been transferred to Alost."

FIRING SQUAD ENDS LIFE OF BOLD GERMAN SPY.

London, Nov. 10.—Karl Hans Lody, was executed, shot by a firing squad in a court yard of the tower of London at dawn last Friday.

Lody, alias Charles A. Englas, who, although a German citizen, had masqueraded as an American, was convicted as a German spy by a court martial November 2.

AL. GRIFFITH DEAD

C. & O. Engineer, Who Was Hit While Leaning Out of Cab Window, Died At Speers' Hospital.

In yesterday's Ledger there was a brief item announcing the injury of Engineer Alvin Griffith, of the C. & O. The Times-Star says:

"Alvin Griffith, a Chesapeake & Ohio railroad engineer, was fatally injured Tuesday morning. While taking a train through the Covington yards he leaned out of the cab window and was struck by a train passing in an opposite direction. His skull was crushed. The engine carrying the injured man was hurried to Dayton, Ky., and Griffith removed to Speers Hospital, where later it was reported he could not recover. Griffith lives with his family at 1338 Greenup street, Covington, Ky."

Griffith died yesterday afternoon at 1 o'clock. He was well known in Maysville railway circles. He had charge of train No. 2, that ran down a colored epileptic at the Infirmary and train No. 3, that killed the little Holiday boy.

Miss Edna Snow, who has been the attractive guest of Mr. and Mrs. H. S. Howland, for the past two months, has returned to her home in Philadelphia.
